

PRESS RELEASE

Interchange raises a record amount for the People in Need organisation in the Czech Republic

Prague, 16.9.2019: The International Interchange Group ('Interchange'), one of the leading foreign exchange providers in the world, and in the Czech Republic with 40 local branches, is pleased to announce that it has recently collected a record amount of Kc 74,582 CZK for its charity partner, the 'People in Need' organisation ('PINF'), through its collection boxes at the cash exchange offices in Prague Airport. This amount has been donated during the period January to June, 2019.

Since it first started operating the cash exchange offices at Prague Airport in 2015, Interchange has been collecting donations from its customers through the boxes placed on the counters of its eleven different shops. Customers are always happy to place their loose change into the boxes after they have made a transaction, and once the boxes are full they are emptied, the cash is counted, and the whole amount is donated to PINF to go towards the project 'a Better School for Everyone', which focuses on the education of children living in difficult conditions.

Through this programme, PINF organizes the tutoring and further support of hundreds of children from poor families throughout the Czech Republic, plus many of them attend the PINF clubs, either to do their homework or just to spend their free time carrying out a meaningful activity. The money raised by Interchange has been used for the organisation of a number of different learning activities and, in particular, the sending of children to the regular summer camps that, without the organisation and Interchange's funding, they would not be able to attend.

Talking about this ongoing charity project, Marek Nacovsky, the Country Manager of Interchange in the Czech Republic, said:

'We have been running our charity collection boxes in the airport for the last four years and are really happy that the amounts that are being donated are continuing to increase each year. The Better School for Everyone project is such a worthwhile cause and something that we are really proud to be a part of. We are also really happy that the success of this project has led to some of the other countries where Interchange operates to follow suit.'

For more information on Interchange, go to www.interchange.cz. To find out more about the Better School for Everyone project, go to www.lepsiskolaprovsechny.cz.

Ends.

About Interchange
